

Cross-referencing test

Contents

1	Section references	1
1.1	Another test header	1
1.2	My explicit header ID	1
2	Figure references	1
2.1	Images	1

1 Section references

1.1 Another test header

1.1.1 A sub test header

Now, let me refer to section 1.

I notice that under section 1.1 we have a sub-subsection, namely section 1.1.1.

In the next section, we have defined an explicit ID, namely in section 1.2.

1.2 My explicit header ID

2 Figure references

2.1 Images

```
knitr::include_graphics("../figures/captain-reference.jpeg")
```

In figure 1, we see a great reference meme.

Figure 1: A wonderful meme
